Maintain BUY but lower TP to IDR2,500 from IDR2,900

Indosat will release 4Q25 results on 9 Feb'26; We estimate 4Q25 revenue of IDR14.4t (+2% YoY), net income of IDR1.4t (+31% YoY) and EBITDA of IDR6.8t (margin: 47%). We roll forward valuations to FY26E and maintain BUY with a lower TP of IDR2,500 (EV/EBITDA of 5.0x vs prior TP of IDR2,900). Our revised TP implies 15.6x P/E and 2.1x P/BV for FY26E.

Momentum of year-end holiday and market repair

We forecast 4Q25 revenue of IDR14.4t (+2% YoY, +2% QoQ), taking FY25E revenue to IDR55.5t (-0.6% YoY). Mobile data likely continued as the growth driver, helped by the year-end holiday and signs of market repair; We estimate mobile data revenue of IDR11.4t (+4% YoY, +5% QoQ) and data traffic of 4,759 PB (+15% YoY, 5%QoQ), with data yield of IDR2,382/GB in 4Q25E. We estimate subscribers stabilised at 95m and 4Q25 ARPU of IDR42,700. Stricter activation rules should reduce unnecessary churn rate

We estimate 4Q25 net income of IDR1.4t

We forecast 4Q25 net income of IDR 1.4t, taking FY25E to IDR4.9t. This was mainly driven by cost efficiencies, with operating expenses projected at IDR 11.5t (-2% YoY, -1% QoQ), primarily reflecting controlled partnership and network costs. We expect 4Q25 EBITDA of IDR 6.8t (47.4% margin), bringing full-year EBITDA to IDR 26.5t (47.8% margin).

Fibre optic divestment is an upside to our forecasts

We continue to favour Indosat due to its steady network expansion in Indonesia. We believe the ongoing market repair will sustain an improving competitive landscape, with the industry pivoting from price wars towards a greater focus on network quality and differentiation. Note that our current assumptions do not incorporate the potential divestment of fibre-optic assets (deal value of IDR14.6t: section 4). A successful transaction would represent meaningful upside to our dividend forecasts.

2. Our 4Q25 forecasts for ISAT

- We project 4Q25 revenue of IDR14.4t (+2% YoY, 2% QoQ), driven by mobile data, which we anticipate at IDR11.4t (+4% YoY, +5% QoQ) due to higher volumes during the year-end holiday.
- We expect operating profit of IDR2.9t as we think cost management continued as we project operating expenses to go down 2% YoY to IDR11.5t. We forecast EBITDA of IDR6.8t, translating to an EBITDA margin of 47.4%.
- We forecast 4Q25 net income of IDR1.4t.

3. Forecast changes

- We cut our FY25/26 revenue forecasts by 5.9/7.7% as we see the soft economy impacting Indosat's customers in FY25/26E.
- We think ISAT will control costs hence we lower our operating expenses projection by 1.7/3.7% for FY25/26. Hence, we forecast EBITDA margin of 47.8/48.4% for FY25/26E.
- We forecast FY25/26 net income of IDR4.9/5.2t, down by 23/27% YoY due to impact of lower revenue projection (telco is dominated by fixed costs).

4. Plans to divest fibre optic assets

Indosat plans to divest its fibre-optic business by entering partnerships with Arsari Group (non-listed) and Northstar (non-listed). Indosat will retain about 45% of the stake, while the rest will be held by Arsari Group and Northstar. The deal value is about IDR 14.6 t. Based on media reports, Indosat owns about 86,000 km of fibre-optic cables; hence, we estimate the deal value at about IDR170m/km.

Indosat has not disclosed the financial information about the fibre optic business, but assuming 7.5x EV/EBITDA valuation and no debt, we estimate EBITDA of IDR2.0t and revenue of IDR3.9t (assuming a 50% EBITDA margin). Meanwhile, the average monthly price is subject to the number of core or bandwidth capacity.

Fig 16: Assumption for fibre optic divestment

Assuming an all-cash transaction, Indosat may receive about IDR8t in cash. Indosat can disburse a special dividend or fund spectrum acquisition. We have not incorporated this transaction into our FY26 forecasts.

5. Valuation and risks

5.1 Maintain BUY but lowering TP to IDR2,500

We roll forward our valuation base to FY26E. We continue to apply a target 5.0x EV/EBITDA, translating to a target price of IDR2,500. Our TP implies 15.6x P/E and 2.1 P/BV for FY26E.

5.2 Risks

There are several risks to our earnings forecasts, target price, and rating for ISAT. Key risks are economic slowdown and purchasing power, rising competition in network quality and product price, and lower margins (dominate by fixed costs).

Value Proposition

- ISAT has 135 MHz of spectrum, suitable for 5G.
- ISAT operates 208,449 4G and 1,404 5G BTS in 3Q25.
- The company will benefit from the adoption of digital lifestyle and a growing middle-class.

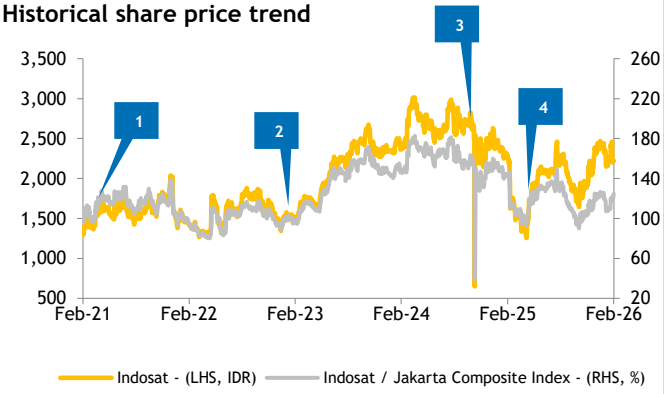
Price Drivers

Historical share price trend



Source: Company, Maybank IBG Research

1. Merger with Hutchison 3 Indonesia.
2. Network transformation yielded higher financial performance.
3. ISAT lost 4m subscribers in 4Q24 – concern about price war.
4. Market repair as operator start to standardize new SIM Card price to IDR35,000/3GB

Financial Metrics

- We forecast revenue to post a 2.6% FY24-27E CAGR to IDR60.3t by FY27E.
- EBITDA is our key metric. We forecast EBITDA margin of 48% in FY25/26E.
- We expect it to implement a lean business model in its expansion plan, especially on fixed broadband.

EBITDA trend (IDRb)

Swing Factors

Upside

- Improving market competition, with price rationalization.
- Better-than-expected cost efficiency post-merger.
- Expansion in fixed-broadband with an asset-light business model.

Downside

- Competition among telco intensifies leading to a steep decline in data price.
- Lower-than-expected data growth due to economic slowdown.
- Surge in USD/IDR may affect network expansion.
- A high-interest rate environment could increase its refinancing costs.

APPENDIX I: TERMS FOR PROVISION OF REPORT, DISCLAIMERS AND DISCLOSURES

DISCLAIMERS

This research report is prepared for general circulation and for information purposes only and under no circumstances should it be considered or intended as an offer to sell or a solicitation of an offer to buy the securities referred to herein. Investors should note that values of such securities, if any, may fluctuate and that each security's price or value may rise or fall. Opinions or recommendations contained herein are in form of technical ratings and fundamental ratings. Technical ratings may differ from fundamental ratings as technical valuations apply different methodologies and are purely based on price and volume-related information extracted from the relevant jurisdiction's stock exchange in the equity analysis. Accordingly, investors' returns may be less than the original sum invested. Past performance is not necessarily a guide to future performance. This report is not intended to provide personal investment advice and does not take into account the specific investment objectives, the financial situation and the particular needs of persons who may receive or read this report. Investors should therefore seek financial, legal and other advice regarding the appropriateness of investing in any securities or the investment strategies discussed or recommended in this report.

The information contained herein has been obtained from sources believed to be reliable but such sources have not been independently verified by Maybank Investment Bank Berhad, its subsidiary and affiliates (collectively, "Maybank IBG") and consequently no representation is made as to the accuracy or completeness of this report by Maybank IBG and it should not be relied upon as such. Accordingly, Maybank IBG and its officers, directors, associates, connected parties and/or employees (collectively, "Representatives") shall not be liable for any direct, indirect or consequential losses or damages that may arise from the use or reliance of this report. Any information, opinions or recommendations contained herein are subject to change at any time, without prior notice.

This report may contain forward looking statements which are often but not always identified by the use of words such as "anticipate", "believe", "estimate", "intend", "plan", "expect", "forecast", "predict" and "project" and statements that an event or result "may", "will", "can", "should", "could" or "might" occur or be achieved and other similar expressions. Such forward looking statements are based on assumptions made and information currently available to us and are subject to certain risks and uncertainties that could cause the actual results to differ materially from those expressed in any forward looking statements. Readers are cautioned not to place undue relevance on these forward-looking statements. Maybank IBG expressly disclaims any obligation to update or revise any such forward looking statements to reflect new information, events or circumstances after the date of this publication or to reflect the occurrence of unanticipated events.

Maybank IBG and its officers, directors and employees, including persons involved in the preparation or issuance of this report, may, to the extent permitted by law, from time to time participate or invest in financing transactions with the issuer(s) of the securities mentioned in this report, perform services for or solicit business from such issuers, and/or have a position or holding, or other material interest, or effect transactions, in such securities or options thereon, or other investments related thereto. In addition, it may make markets in the securities mentioned in the material presented in this report. One or more directors, officers and/or employees of Maybank IBG may be a director of the issuers of the securities mentioned in this report to the extent permitted by law.

This report is prepared for the use of Maybank IBG's clients and may not be reproduced, altered in any way, transmitted to, copied or distributed to any other party in whole or in part in any form or manner without the prior express written consent of Maybank IBG and Maybank IBG and its Representatives accepts no liability whatsoever for the actions of third parties in this respect.

This report is not directed to or intended for distribution to or use by any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation. This report is for distribution only under such circumstances as may be permitted by applicable law. The securities described herein may not be eligible for sale in all jurisdictions or to certain categories of investors. Without prejudice to the foregoing, the reader is to note that additional disclaimers, warnings or qualifications may apply based on geographical location of the person or entity receiving this report.

Malaysia

Opinions or recommendations contained herein are in the form of technical ratings and fundamental ratings. Technical ratings may differ from fundamental ratings as technical valuations apply different methodologies and are purely based on price and volume-related information extracted from Bursa Malaysia Securities Berhad in the equity analysis.

Singapore

This report has been produced as of the date hereof and the information herein may be subject to change. Maybank Research Pte. Ltd. ("MRPL") in Singapore has no obligation to update such information for any recipient. For distribution in Singapore, recipients of this report are to contact MRPL in Singapore in respect of any matters arising from, or in connection with, this report. If the recipient of this report is not an accredited investor, expert investor or institutional investor (as defined under Section 4A of the Singapore Securities and Futures Act 2001), MRPL shall be legally liable for the contents of this report.

Thailand

Except as specifically permitted, no part of this presentation may be reproduced or distributed in any manner without the prior written permission of Maybank Securities (Thailand) Public Company Limited. Maybank Securities (Thailand) Public Company Limited ("MST") accepts no liability whatsoever for the actions of third parties in this respect.

If you are an authorised recipient, you hereby tacitly acknowledge that the research reports from MST Research are first produced in Thai and there is a time lag in the release of the translated English version.

The disclosure of the survey result of the Thai Institute of Directors Association ("IOD") regarding corporate governance is made pursuant to the policy of the Office of the Securities and Exchange Commission. The survey of the IOD is based on the information of a company listed on the Stock Exchange of Thailand and the market for Alternative Investment disclosed to the public and able to be accessed by a general public investor. The result, therefore, is from the perspective of a third party. It is not an evaluation of operation and is not based on inside information. The survey result is as of the date appearing in the Corporate Governance Report of Thai Listed Companies. As a result, the survey may be changed after that date. MST does not confirm nor certify the accuracy of such survey result.

The disclosure of the Anti-Corruption Progress Indicators of a listed company on the Stock Exchange of Thailand, which is assessed by Thaipat Institute, is made in order to comply with the policy and sustainable development plan for the listed companies of the Office of the Securities and Exchange Commission. Thaipat Institute made this assessment based on the information received from the listed company, as stipulated in the form for the assessment of Anti-corruption which refers to the Annual Registration Statement (Form 56-1), Annual Report (Form 56-2), or other relevant documents or reports of such listed company. The assessment result is therefore made from the perspective of Thaipat Institute that is a third party. It is not an assessment of operation and is not based on any inside information. Since this assessment is only the assessment result as of the date appearing in the assessment result, it may be changed after that date or when there is any change to the relevant information. Nevertheless, MST does not confirm, verify, or certify the accuracy and completeness of the assessment result.

US

This third-party research report is distributed in the United States ("US") to Major US Institutional Investors (as defined in Rule 15a-6 under the Securities Exchange Act of 1934, as amended) only by Wedbush Securities Inc. ("Wedbush"), a broker-dealer registered in the US (registered under Section 15 of the Securities Exchange Act of 1934, as amended). All responsibility for the distribution of this report by Wedbush in the US shall be borne by Wedbush. This report is not directed at you if Wedbush is prohibited or restricted by any legislation or regulation in any jurisdiction from making it available to you. You should satisfy yourself before reading it that Wedbush is permitted to provide research material concerning investments to you under relevant legislation and regulations. All U.S. persons receiving and/or accessing this report and wishing to effect transactions in any security mentioned within must do so with: Wedbush Securities Inc. 1000 Wilshire Blvd, Los Angeles, California 90017, +1 (646) 604-4232 and not with the issuer of this report.

UK

This document is being distributed by Maybank Securities (London) Ltd ("MSUK") which is authorized and regulated, by the Financial Conduct Authority and is for Informational Purposes only. This document is not intended for distribution to anyone defined as a Retail Client under the Financial Services and Markets Act 2000 within the UK. Any inclusion of a third party link is for the recipients convenience only, and that the firm does not take any responsibility for its comments or accuracy, and that access to such links is at the individuals own risk. Nothing in this report should be considered as constituting legal, accounting or tax advice, and that for accurate guidance recipients should consult with their own independent tax advisers.

Reminder

Structured securities are complex instruments, typically involve a high degree of risk and are intended for sale only to sophisticated investors who are capable of understanding and assuming the risks involved. The market value of any structured security may be affected by changes in economic, financial and political factors (including, but not limited to, spot and forward interest and exchange rates), time to maturity, market conditions and volatility and the credit quality of any issuer or reference issuer. Any investor interested in purchasing a structured product should conduct its own analysis of the product and consult with its own professional advisers as to the risks involved in making such a purchase.

No part of this material may be copied, photocopied or duplicated in any form by any means or redistributed without the prior consent of Maybank IBG.

Definition of Ratings

Maybank IBG Research uses the following rating system

BUY	Return is expected to be above 10% in the next 12 months (including dividends)
HOLD	Return is expected to be between 0% to 10% in the next 12 months (including dividends)
SELL	Return is expected to be below 0% in the next 12 months (including dividends)

Applicability of Ratings

The respective analyst maintains a coverage universe of stocks, the list of which may be adjusted according to needs. Investment ratings are only applicable to the stocks which form part of the coverage universe. Reports on companies which are not part of the coverage do not carry investment ratings as we do not actively follow developments in these companies.
